Students' information is routinely communicated to parents in China, including by WeChat. Parents are told of this at engagement. Health and safeguarding information is shared with parents only so far as necessary, and is not shared where doing so would place the student at greater risk. Where

communication passes through any third party outside the UK, that person is identified to you, bound by confidentiality and subject to our vetting requirements.

学生信息会常规传递给在中国的家长，包括通过微信。健康与儿童保护信息仅在必要范围内共享；若告知家长会使学生面临更大风险，则不予共享。

6. Safeguarding — an important limit 儿童保护——一项重要例外

We do not require consent to share information where a child is at risk of harm. Confidentiality is never a reason to withhold information from those who need it to protect a child.
